Do NOT induce vomiting. IF SWALLOWED: Immediately call a POISON CENTER!

RELEVANT SUBSTANCE

CONCENTRATION (%)

Brodifacoum (coumarin)

CAS N°

56073-10-0

C ≤ 0,005%

NOTE TO PHYSICIAN

Intravenous Vitamin K1, 10-20mg depending on prothrombin time. In severe cases small transfusions of fresh blood.

PLEASE READ THE LABEL BEFORE USE

DIRECTIONS FOR USE

Use only as indicated.

For use in the home, on the farm and industrial premises. Kombat Rats and Mice Blocks can kill rats and mice after a single feed. Death of rodents will take 4-12 days. Effective against warfarin resistant rats and mice.

Bury dead rodents and any bait unconsumed at end of treatment.

NORWAY AND ROOF RATS:

Place Kombat Rats and Mice Blocks in a covered bait station to prevent access by children and domestic animals.

Place 50-70 g of Kombat Rats and Mice Blocks per bait stations along the walls and active rat runs, in rat burrows and in sheltered areas where rats are known to live or feed. Bait points should be inspected and replenished every 7 days until feeding ceases.

MICE:

Place 10-20 g Kombat Rats and Mice Blocks per bait station every 2-4m along the wall or runways, in nests and in sheltered areas where mice are known to live and feed. The single feeding action of Kombat Rats and Mice Blocks is particularly effective against mice with their small appetites and sporadic feeding behaviour.

GERBIL:

Place 50-70 g Kombat Rats and Mice Blocks in protected bait stations 10 m apart or 10-20 g placed into active holes in the colony.

DISCLAIMER

Although this remedy has been extensively tested under a large variety of conditions the registration holder does not warrant that it will be efficacious under all conditions because the action and the effect thereof may be affected by factors such as abnormal soil, climatic and storage conditions, compatibility with other substances not indicated on the label and the occurrence of resistance of the pest against the remedy concerned as well by the method, time and accuracy of application. The registration holder furthermore does not accept responsibility for damage to crops, vegetation, the environment or harm to man or animal or for the lack of performance of the remedy concerned due to failure of the user to follow the label instructions or to the occurrence of conditions which could not have been foreseen in terms of the registration. Consult the supplier in the event of any uncertainty.
