NOTE TO PHYSICIAN

Treat symptomatically.

PLEASE READ THE LABEL BEFORE USE

DIRECTIONS FOR USE

Use only as indicated.

Snails and slugs are active at night, especially when conditions are warm and damp. Sprinkle lightly, snail bait pellets in flower beds and under other dense growing plants and shrubs. Repeat the treatment should fresh infestation appear.

Note:

Do not harvest edible crops within 7 days of application.

Store away from food and feeds.

Destroy empty container and never use for any other purpose.

DISCLAIMER

Although this remedy has been extensively tested under a large variety of conditions the registration holder does not warrant that it will be efficacious under all conditions because the action and the effect thereof may be affected by factors such as abnormal soil, climatic and storage conditions, compatibility with other substances not indicated on the label and the occurrence of resistance of the pest against the remedy concerned as well by the method, time and accuracy of application. The registration holder furthermore does not accept responsibility for damage to crops, vegetation, the environment or harm to man or animal or for the lack of performance of the remedy concerned due to failure of the user to follow the label instructions or to the occurrence of conditions which could not have been foreseen in terms of the registration. Consult the supplier in the event of any uncertainty.
